REQUIRED AND OPTIONAL TRAININGS ARE AVAILABLE

Learn how California Advancing and Innovating Medi-Cal (CalAIM) can help Medi-Cal patients through Community Supports and Enhanced Care Management.

Welcome, CalAIM providers!

California Health & Wellness Plan provides onboarding trainings and technical assistance to all contracted Enhanced Care Management (ECM) and Community Supports (CS) providers.

- Trainings are provided on demand and in live formats.
- Providers will receive communications about all required onboarding trainings.
- An attestation will be required to confirm completion.
- An attestation is included as part of the contracting process (one attestation is required per organization).
