

Use findhelp to Submit ECM Referrals

REFER PATIENTS THROUGH THE PROVIDER
PORTAL OR DIRECTLY THROUGH FINDHELP

Enhanced Care Management (ECM) is a benefit that offers a whole-person approach to care coordination. ECM addresses the clinical and non-clinical conditions of high-need Medi-Cal members for better health outcomes.

California Health & Wellness Plan (CHWP) expanded its partnership with findhelp, formerly known as Aunt Bertha, to support Enhanced Care Management (ECM) referrals under the CalAIM program. In the United States, findhelp is the largest online search and referral platform to help link people to ECM and/or to no-cost or low-cost services to promote good health.

The preferred method to submit ECM referrals is through the CHWP provider website. If you do not have access to the website, follow the steps to the left.

How to refer members to ECM providers

- 1 Scan the QR code or go to bit.ly/HN-CHW_ECMReferral.

- 2 Click on *ECM Referrals* for CHWP to start the process.
