

## Join us for a free CME session on e-consult for behavioral and mental health needs

More than ever before, patients in California are expressing a need for behavioral and mental health care access. Primary care providers find significant value in participating in [e-consults](#) to address these needs. The [Central Valley E-Consult Coalition](#) and [North Rural E-Consult Coalition](#) work to supply resources including continuing medical education (CME) to support providers.

*Open to all interested in BH/MH support*

On February 16, 2022, we will offer a session on E-Consult for Behavioral and Mental Health, presented by faculty member Petra Steinbuchel, MD, UCSF. Dr. Steinbuchel will present case examples of effective e-consult communications in response to patients' behavioral and mental health needs. Eligible registered attendees will receive continuing medical education (CME) credit through the [Weitzman Institute](#).

Child & Adolescent  
Psychiatry Portal

**Petra Steinbuchel, MD** is Director of the [UCSF Child and Adolescent Psychiatry Portal](#). She has a deep passion for expanding access to care for diverse and vulnerable populations, in particular those with early childhood adversity and medical trauma, as well as individual and systems-level support of physician well-being. She has been dedicated to developing effective, collaborative partnerships between behavioral health and pediatric primary care providers in medical inpatient, outpatient, school-based and integrated care settings. Dr. Steinbuchel received her BA in English and German from the College of William and Mary. She completed her medical degree and internship in pediatrics at the Medical College of Georgia, her psychiatry residency at California Pacific Medical Center, and her child and adolescent psychiatry fellowship at Massachusetts General Hospital and was subsequently a Harvard Macy Institute Scholar.
